MINI SPEEDY 02

A close-up photograph of a red kart chassis. The frame is painted a vibrant red. In the center, there is a brass steering knuckle assembly with a central pivot point and two mounting points for the wheels. The wheels are not visible, but the axle tubes are. The kart is sitting on a black and yellow checkered surface, likely a racing track. The background is slightly blurred, showing more of the kart's structure and some mechanical parts.

A detailed close-up of a red kart chassis. The frame is painted a vibrant red. Brass-colored steering components, including a central knuckle and tie rods, are visible. The kart is positioned on a black surface with yellow and white geometric patterns. The lighting is bright, casting sharp shadows.
